Assessment Outcome

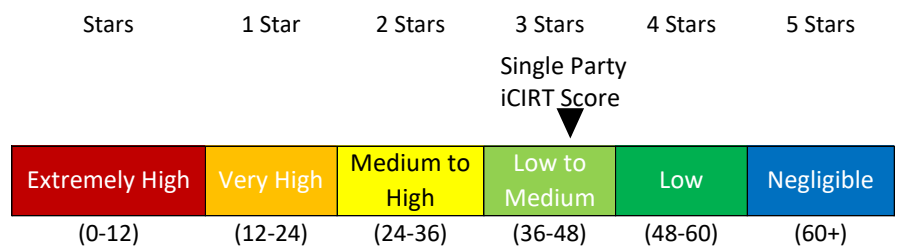

This **detailed assessment** provides an independent view of an entity's likely capability, capacity and willingness to honour their commitments in supporting the delivery of a trustworthy built asset, based on the independent Construction Industry Ratings Tool (iCIRT) methodology available on our website.

The entity was assigned a **0 Star Gold Rating** and was assessed as being **Worse than Industry Average**. As a **Gold Star Rating** this signifies the entity has participated in an open, transparent and auditable process and has provided the requested information and disclosures, including consent from key persons to perform a series of background checks.

Based on the data available the entity was assessed as having a **Low to Medium level of risk** risk profile. This report provides an initial assessment only, and is based on version 1.0 of the independent Construction Industry Ratings Tool iCIRT) methodology. Please refer to the rating criteria and methodology document for further details.

This report is not for release, and is provided subject to the disclaimer on page 3 of this document. The information contained within the assessment is valid at the date of this report, and does not include an ongoing review.

	Bronze - Brief review using public and proprietary data assets.
	Silver - Standard review with financials and background checks.
	Gold - Detailed review with participation and key person consent.

Please refer to the rating criteria and methodology document for further details.

Disclaimer

This report provides a high level risk assessment of an entity's likely capability, capacity and willingness to honour their commitments in supporting the delivery of a trustworthy built asset based on the independent Construction Industry Ratings Tool (iCIRT) methodology available on our website. It does not provide a credit rating and is not designed to provide financial product advice, nor does it provide a recommendation to purchase any particular built asset or to enter into any engagements or arrangements with the subject of this report. You should obtain appropriate professional advice to prior making any decision in respect of the above.

This assessment and the information contained within the assessment is valid at the time of the assessment and does not include an ongoing review of the subject. You acknowledge that the subject's past performance is not a reliable indicator of their future performance. You may wish to obtain subsequent reports with ongoing monitoring for larger scale, longer duration, or higher risk engagements or arrangements with the subject of this report.

This report provides an initial assessment only, being qualified on the basis of limited information and analysis and is prepared in accordance with the independent Construction Industry Ratings Tool (iCIRT) methodology available on our website. All information obtained by Equifax to prepare the assessment is from external sources and is believed to be accurate and reliable but is not and cannot be verified by Equifax. Equifax excludes all liability to any person or entity due to inaccuracy or error (including negligence) or other circumstances within or outside the control of Equifax or any of its directors, officers, employees or agents in connection with the procurement, collection, compilation, analysis, interpretation, communication, publication, or delivery of the information.

This report and the information it contains are confidential and for your exclusive use. It must not be copied or otherwise reproduced, repackaged, further transmitted, disseminated, redistributed or resold, in whole or in part, in any form or manner or by means whatsoever, without Equifax's prior written consent.

Equifax also provides a range of more comprehensive assessment services. Please contact your account representative if you have any queries or would like further details on other available services.
