Signature Preferences ↻

Sign and initial documents in specified locations and fill in forms in just seconds. Signers can optionally sign with a biometric signature if allowed.

100% ESIGN compliant. The best solution where signatures are required in specified locations and paper-like signature appearance is important.

- Use well-formatted signatures and initials ?
 - Dynamically adjust line below the signature and initials ?

Allow recipients to sign and initial by

- Typing their name and initials
 - Dynamically choose signing font ?
- Drawing a handwritten signature and initials on the screen using mouse, stylus or their finger
- Uploading an image of their signature and initials

- Signers can change their name or initials ?

Allow recipients to use their saved signature

- All recipients
- Internal recipients
- No one
- Allow users in my account to upload an image and save to their profile as their signature and initials

Custom Terms of Use & Consumer Disclosure

Require...

- Signers to [agree to terms when signing \(default\)](#) ▾
- Approvers to [agree to terms when approving \(default\)](#) ▾
- Form Fillers to [agree to terms when filling form \(default\)](#) ▾

Additional Settings

- Allow Stamps workflows
 - Allow signers to sign with Stamp alone
- Require signers to provide their job title when e-signing
- Require signers to provide their company name when e-signing
- Allow recipients to decline
 - Require recipients to provide a reason when declining to sign
- Allow signers to print, place written signatures and upload the agreement back to Acrobat Sign instead of e-signing it
- Show message to recipients when e-signing ?
- Require signers to use a mobile device to create their signature and initials ?
- Request IP address from signers
- Exclude company name and Job title in the participation stamp
