

Table 1

This table has headers in the first row. This may be noted in the dialogue:

Familj	Svenskt namn	Latinskt namn	Utbredning
Alpigenobombus	Tjuvhumla	Bombus wurflenii	Nord- och centraleuropa
Alpigenobombus	Alphumla	Bombus alpinus	Mellaneuropa
Alpigenobombus	Fjällhumla	Bombus balteatus	Nordeuropa

In the PDF:

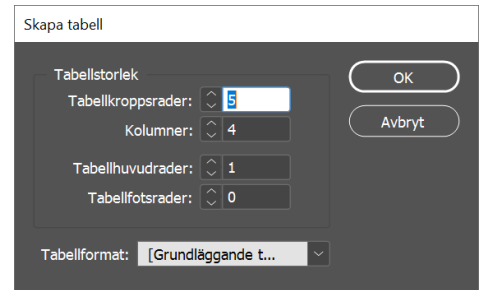

The tags for the header row are fine.

Familj	Svenskt namn	Latinskt namn	Utbredning

Alpigenobombus	Alphumla	Bombus alpinus	Mellaneuropa
Alpigenobombus	Fjällhumla	Bombus balteatus	Nordeuropa

## Table 2

This table has headers both in the first row and in the first column. I can't find anywhere to mark that there is a header column. Thus, the settings are the same as in Table 1,

	2011	2012	2013
Apples	32	23	32
Bananas	32	43	65
Oranges	11	23	45

In the PDF:

The tags for the header row are fine, but there are no tags for the header column. I need to add them manually.

	2011	2012	2013
Apples	32	23	32
Bananas	32	43	65
Oranges	11	23	45

But - if i retag the PDF with the Accessibility tool, the column headers show up. Unfortunately, the row headers then are lost :, those are interpreted as TD tags!

	2011	2012	2013
Apples	32	23	32
Bananas	32	43	65
Oranges	11	23	45
