works

This portfolio is a sampling of work I've done for former clients, studios I've worked for, and simple home shooting to enhance my talents as photographer

Still-life is my specialty. I'm confident in studio environments, which makes me a skilled photographer, but my experience can benefit another photographer looking for a trusted assistant.

I'm quick and straightforward, but I don't forego originality for either of those qualities. I meet deadlines. I am careful to complete work to the highest possible standard.
